Trainees' Choice

Dusty Anderson (above) wore a two-piece blue linen dress which was selected by a jury of 12 trainees at Camp Upton, N. Y., as the soldiers' favorite style for daytime wear.

Miss Anderson was picked from among eight candidates who wore 36 ensembles as the all-around favorite.

Reserve Militia Equipped And Prepared To Act

5,000 Men In 82 Units
Organized To Protect
State And Citizens

By WILLIAM H. MEYERS
United Press Staff Correspondent
Springfield, Ill., July 14.—(UPI)—The Illinois reserve militia, numbering more than 5,000 men in 82 units, is now prepared to step in to protect the state and its citizens in the event of an emergency.

Since the militia was organized last year, its members have been drilling and training at least one night each week and in many instances have volunteered for extra duty work.

The militia is organized into 82 units, each of which is commanded by a captain. The units are distributed throughout the state.

Woodstock, Ill., July 14.—(AP)—The sheriff's office broadcast orders to arrest a parolee from the St. Charles school for boys after a farm woman had been beaten to death with a heavy wrench near here today.

The large number of visitors and the more than 100 floral pieces attested to the high respect in which the entire community holds the Wood family.

Funeral services were conducted at the Trinity Methodist church at 2 o'clock this afternoon by the Rev. J. Wroughton, the pastor, followed by burial in Mound Grove cemetery.

Parolees were Howard Thompson, John Hoff, Edward Nelson, Thomas Hults, John Wilkens and Carl Smith.

Contradictory Reports From Reds And Nazis

Germans Claim Panzer
Columns Have Driven
Deep Into Russia

BY THE ASSOCIATED PRESS
Adolf Hitler's high command asserted today that "break through operations on the eastern front continue on schedule," and Berlin military commentators declared the 23-day-old campaign was racing to a climax with the Red armies failing apart.

Nazi panzer columns were pictured as striking deep into the U. S. S. R. toward Moscow, Leningrad and Kiev. The German Fuehrer's headquarters said Pz. Kp. 1 was racing to an attack in Karelia, on both sides of Lake Ladoga, in the sector closest to Leningrad.

"The main strength of the powerful Soviet army is broken," asserted DNB, the official German news agency, reporting also that Nazi blitzkrieg legions had slashed through the main Stalin line defenses "at all decisive points."

300 Miles From Capital
Dispatches from Ankara, Turkey, reported that Soviet government officials were preparing to move from Moscow, although the Germans are still some 300 miles from the Red capital, and that the British mission had already transferred to Gorki, 250 miles east.

By contrast, the Russians, after reporting that the 2,000-mile front was still intact with a series of gigantic new battles over the week-end, declared in this morning's communiqué that no major fighting took place during the night and that there had been no significant changes in the struggle in the last several hours.

The German-controlled Holland radio said the fall of Kiev, the Ukraine capital, was "to be expected at any moment."

Justifiably, Propaganda Minister Paul Joseph Goebbels proclaimed to the German public through press and radio that "There is no salvation for the Soviet armies. . . . The decision in the east has already been attained."

No Compromise Say Nazis
As for a separate peace with Russia, the Germans made it clear that there could be no question of compromise. The reich, it was said, had a "mandate" from all Europe to liquidate bolshevism.

German Consuls General Missed The Boat

San Francisco, July 14.—(AP)—A Japanese liner with a polite but determined captain ploughed westward today without Fritz Wiedemann and Dr. Hans Borchers, expelled German consuls general who missed the boat on purpose then spent 12 hectic hours trying to catch the Yawata Maru.

The two top-ranking Nazis refused to board the Nippon liner Yawata Maru with their staffs and families yesterday, fearing that without a British guarantee of safe conduct across the Pacific they would be risking seizure at sea.

Two hours or so after the Yawata Maru sailed, word came from the British embassy in Washington that the Nazis would not be molested enroute.

Wiedemann then tried frantically to have the ship stopped. He radioed the captain asking that the Yawata turn about and come back for them, at the German government's expense.

But the Japanese master replied he was sorry, but "we are unable to accept request to return."

This didn't stop Wiedemann, the San Francisco consul, who was once Adolf Hitler's commanding officer. He telephoned the Japanese embassy in Tokyo and the Nippon line's main office there, and the Yawata was flashed to a halt some 90 miles at sea, awaiting developments.

The German consulate here near midnight that the Yawata Maru "is too far out and there is no possibility of her turning back."

Two men were killed and eight others were injured yesterday in a truck-auto crash at the southwest edge of Chicago. The dead were Charles Machovitch, 31, and Edward Gloster, 48, both of Chicago. They were riding in the truck, occupants of the automobile were three Joliet residents: Louis Kadaneck, 38, 1808 S. 1st St.; Joseph Ballunka, 18, 601 Henderson St.; and Anthony Caby, 16, 612 Henderson St. They were released from a hospital after receiving first aid treatment.

A head-on collision near Plainfield resulted in the death of John Golobond, 16, of Joliet. Two others were injured.

A Rockford couple, Henry Pearson, 28, and his wife, 24, died in Beloit, Wis., of injuries received in a three-car collision.

Shell Loading Plant At Elwood Began Operations On Week-End

Elwood, Ill., July 14.—(AP)—The U. S. Army's huge \$30,000,000 shell loading plant, begun as the nation's largest, began operations over the week-end, more than four months ahead of the scheduled opening date of the government supervised project.

Sanderson and Porter of New York, contractor and operator of the plant, began construction last Nov. 18 on the 400 assembly buildings and magazines to be built over an area of 23 square miles and contracted with the aid of 8,500 construction workers, however, the first assembly belt was moving shell casings into the TNT room on Saturday, seven months and 24 days after construction started.

Two other loading belts are nearing completion and the fourth recently was authorized by congress, explosives and casings for bombs and shells are being loaded at the plant from other works but a labor force of 7,000 men and women is needed here for the assembly processes.

Lieut. Col. T. C. Garber is the commanding officer at the plant, which is the first of six similar army shell loading units to be completed in the middle west.

Col. Garber said more than 5,000 applications had been received for employment. The plant crew will include 3,000 women for adjusting delicate fuses.
